Measurements:

Thick Whisper White Cardstock 5 ½ x 8 ½"

Scrap pieces of Whisper White Cardstock

Inkstructions:

Using your Embossing Buddy, wipe across your scrap piece of Whisper White cardstock to free oils and etc. from your paper. Next, stamp the tail of the Mermaid on the VersaMark pad then

pour the white Stampin' Emboss powder on the image. Do this two more times. Use your heat tool to heat the embossing powder. Next, you'll need a sponge dauber for each color. Sponge each tail then fussy cut the tails off of each Mermaid, (I promise this won't hurt!) then attach Stampin Dimensionals on each of the tails and set aside for later. Now, you'll need your 5 1/2 x 8 1/2 card base, folded in half. Stamp the sand and shell image along the bottom of the card base. Stamp your choice of sentiment midway on the card. We're almost finished here! Add the Mermaid tails to the right corner of the card; embellish the outside of the card using your sequins. For the inside of the card, stamp only the tails along the bottom in the order in which you placed the tails.
